Region:

Thracian Plain is part of the great southern Bulgarian wine region. It is well protected from cold winds to the north of the Balkan Mountains and further protected from the south central part of the Rhodopes.

Climate and Soil:

Temperate with sunshine duration over 3,000 hours during the year and over 110 clear days. Hot dry summers with warm nights. Soft and warm winters. No spring frost. Sandy and sandy-loam, clay-limestone.

Harvest:

Carefully selective hand-picking in crates with subsequent sorting of the grapes in the winery.

Vinification:

The red grapes are processed by classical technics which includes cooling the grapes, sorting, selection and direct pressing of the grapes. Following clarification of musts and alcoholic fermentation at 12-14°C. Retention on sediment and stirring.

About the brand

Tasting Notes

Very beautiful, sparkling pink color with attractive violet reflections. The nose is an attractive nose of blackberry and strawberry confit, sweet vanilla and roasted nuts. Juicy, crisp and vivid body flavored berries in sugar powder and vanilla. Ethereal, harmonious and refreshing finish. Long and "fun" wine, which you can combine with all salads as well as desserts with strawberry topping or light red fruit.
